- (b) This application form is for licence(s) for the premises on which the machine is situated.
Form L224 (Application for Special Licences) allows you to licence machines rather than premises.
Copies of Notice 454 and forms L223 and L224 are available from our advice service on **0845 010 9000**.
You can also download the notice and forms from our Internet site, go to **www.hmrc.gov.uk**

Section 1

- (c) Bulk User. If you need licences for more than one set of premises at any one time, bulk application and issue facilities are available. You should apply to Greenock for registration.
- (d) Please ensure that the name, address and postcode in both boxes (if applicable) are correct.
If this is an invitation to renew an existing licence and any details are incorrect, please amend clearly in red ink.
- (e) You should ensure that the application reaches Greenock Accounting Centre in good time for us to produce your licence(s).
Failure to do so could result in your licence(s) having an effective date later than you requested.
No renewal invitations will be issued for licences of less than 3 months duration.
